Dear NLT's, IC Reps and Delegates to the IGA,

Thanks so much to each and every one for your Country's Video, Power Point or PDF in preparation for the IGA. These are amazing, very well done and give us an opportunity to understand your country's reality at this time. So, thanks for all the hard work in getting this together, and we are still waiting for a few more.

We would like as many Grail members in each country as possible to see each of the Videos, Power Points or PDFs. To help your IC rep and IGA Delegate to prepare for small group discussions at the IGA, we provide the following instructions:

Before you sit down to see the Videos, Power Points or PDFs, review the questions below and then with these questions in mind, see the videos:

1. From your perspective what challenges did you note emerging? Were these challenges common among several Grail Countries?
2. In what ways were our Grail members meeting these challenges?
3. From seeing these country video reports, what richness does the Grail bring into the world as we enter our 2nd century?
4. In what ways are we intentionally growing the Grail?

After reviewing the Videos, Power Points or PDFs, (see the links for each country's presentation on the next page) you may want to discuss these questions in small groups in your own country so that the IC member and Delegate can be prepared to discuss these questions in small groups at the IGA.

Thanks for all you are doing to prepare for our first-ever virtual IGA. And may God bless you in all the work you are doing in your country in service of the Grail.
